Overview

The [Asia-Europe Foundation \(ASEF\)](#) promotes understanding, strengthens relationships and facilitates cooperation among the people, institutions and organisations of Asia and Europe. ASEF enhances dialogue, enables exchanges and encourages collaboration across the thematic areas of culture, education, governance, economy, sustainable development, public health and media.

With culture being one of ASEF's priority areas, [Mobility First! – ASEF Cultural Mobility Initiative](#) – our travel grant for artists and cultural professionals, supports the mutual cultural practice of those working in the arts.

We invite eligible arts practitioners from Asia and Europe to apply to our periodic competitive open calls through an individual application. International travel support is then granted to selected cultural professionals in Asia and Europe to participate in activities that are integral to their professional development; that would initiate a multiplier effect to others and benefit the society. Mobility support is provided to selected applicants for travel from Asia to Europe and Europe to Asia.

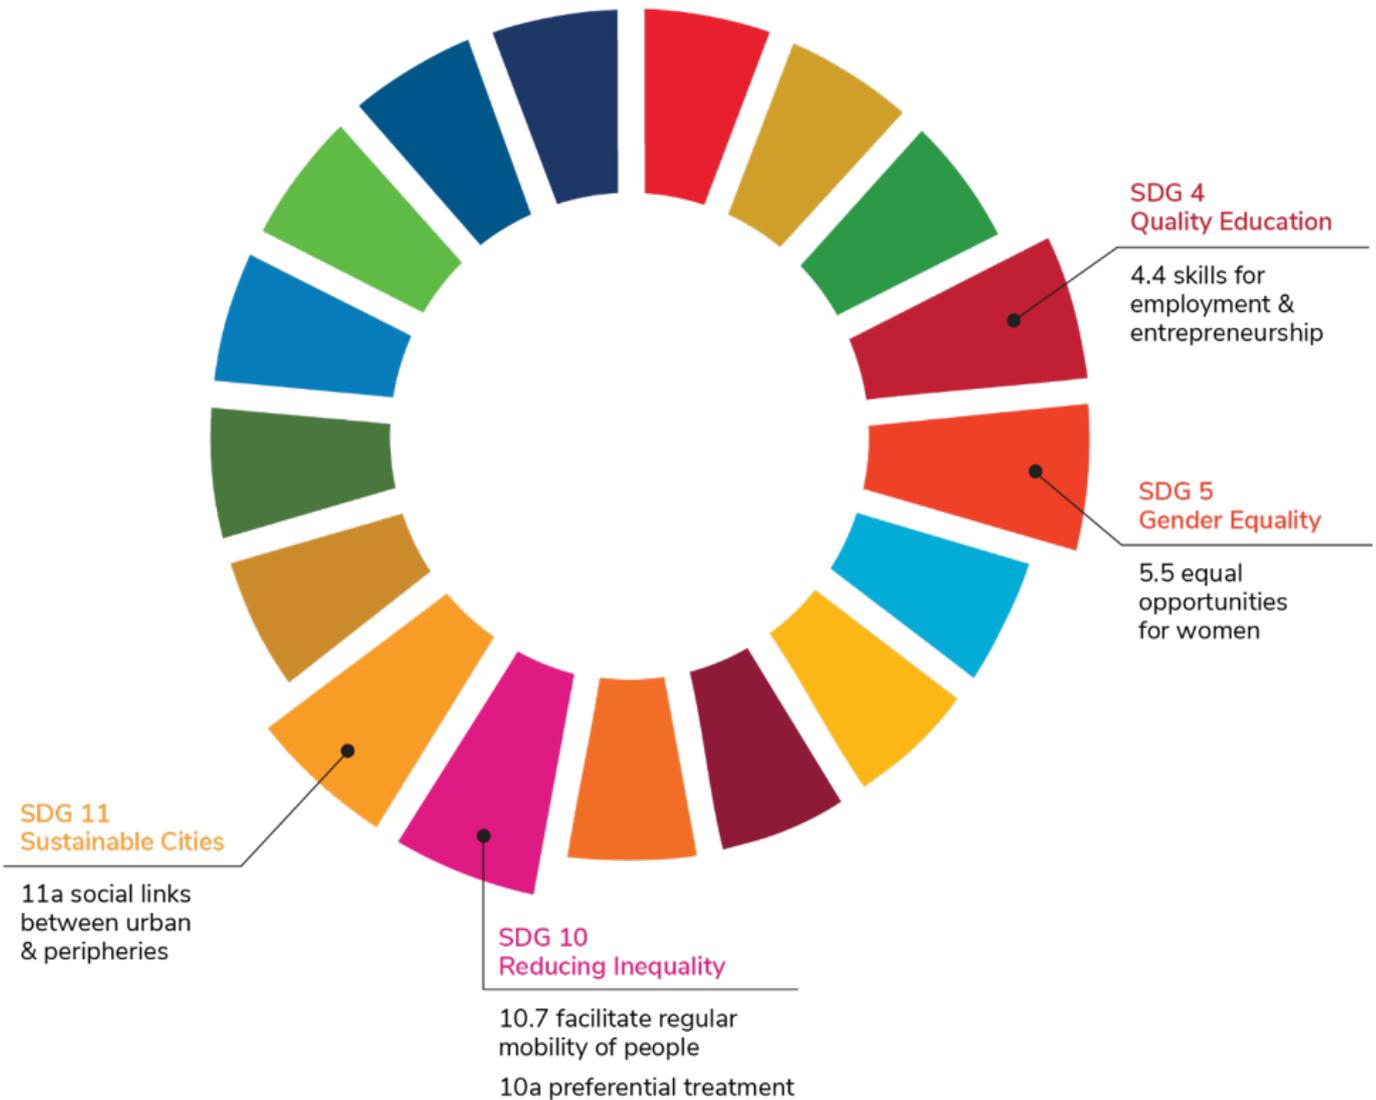

In 2017, *Mobility First!* was recognised in [UNESCO's Reshaping Cultural Policies Report \(2nd edition\)](#), as a “success story” in bridging existing funding gaps to support cultural mobility in the Asia-Asia and Asia-Europe contexts.

ASEF's *Mobility First!* grant is publicly funded by 51 Asian and European countries, the European Union and the ASEAN Secretariat in the framework of the [Asia-Europe Meeting \(ASEM\)](#), an intergovernmental process established in 1996 to foster dialogue and cooperation between Asia and Europe.

2020 marks the fourth year of *Mobility First!* and to date, we have supported **312** cultural professionals to facilitate cultural exchange between 48 ASEM countries.

Have a look at the testimonials from our [2018](#) and [2019](#) *Mobility First!* grantees.

Mobility First! also contributes to the pursuit of the United Nations' [Sustainable Development Goals \(SDGs\)](#), in particular:

Waitlist system

While the *Mobility First!* Selection Committee will make an initial selection of successful applicants, we are introducing a waitlist system in 2020, where we may offer the grant to the next deserving applicant. This case is applicable should funds become available because of previously selected grantees not being able to travel (due to visa rejections or health reasons) or if events have been cancelled or postponed.

The evaluation of applications is done through an internal scoring system based on merit and how closely the application fulfills *Mobility First!'s* focus areas. Applications that score just below the selected grantees will automatically be placed on the waitlist. Only applicants who have been moved up from the waitlist will be informed via email for a grant offer. See our **Frequently Asked Questions** for more information.
