3. TERRITORIAL AND SECTORAL PRIORITIES

Sharing Slovak Expertise is a Slovak Official Development Assistance (ODA) tool. Its primary objective is to **offer and share expertise, experience and recommendations of Slovak experts on successful governance reforms and good practice in various areas of public administration** where the Slovak Republic has comparative advantages.

SSE offers an opportunity to share experience of experts from various public institutions of the Slovak Republic and academia and the non-governmental sector in order to build the professional capacities of the partner country's public administration.

Project proposals should focus on topics with real impact and added value. Projects should be linked to ongoing or already implemented Slovak ODA projects to ensure continuity or "opening the door" to new cooperation and development projects.

4. DEADLINE FOR SUBMISSION OF PROJECT PROPOSALS

The deadline for submission of project proposals is **September 15, 2023**. The project proposals should be sent both electronically (email address: sse.sk.md@gmail.com) and in hard copy to the Embassy of the Slovak Republic (address: Embassy of the Slovak Republic in the Republic of Moldova; 101, Str.
